Manufacturer & Exporter of Dehydrated Products

www.ganeshdehyfoods.com

about us

It is our pleasure to introduce to you Ganesh Foods established by professionals having a support of 20 years for manufacturing and exporting of foods products having a great emphasis on quality, our plant located in Mahuva, Gujarat state which is second largest onion trading hub.

We are manufacturer of dehydrated products as Onion, Garlic, Ginger & other vegetables. Our consistency in providing superior quality products has assisted us in creating a distinguished image in the national markets. We continue the tradition of offering clients with superior quality comprehensive product range produced using leading-edge technologies.

Mission

Our mission is to provide the assurance that our customers can produce their products according to their specifications. We do this by sourcing, processing and delivering dehydrated vegetables in an economically efficient and quality consistent way.

Our Credential

Vision

We share our knowledge and experience to optimise our and our customers' performance. We constantly initiate and innovate in order to be decisive in our market. We secure an uninterrupted supply of authentic, natural and food safe products. We commit to the importance of developing a sustainable supply chain. Therefore we invest in people, in relationships, in order to be partners.
